

INSTRUCTOR: Taylor, Charles

CLASS: Jewelry

Jewelry

Supplies:

Basic supplies for the first class: In buying your supplies **DO NOT** buy expensive equipment at the beginning. If you decide that you truly enjoy beading and jewelry making then later on if you see the need for more expensive pliers then you and buy then at that time. More supplies will be added as needed for the different projects.

1. round nose pliers [\$3.00]
2. chain nose pliers [\$3.00]
3. head pins [silver or gold color] your choice 2 to 3 inches long. [Sterling in not a good choice at this time.]
4. beads [medium and small size in any style]
5. soft cloth or a piece of batting to go under the beading board to catch any beads that may bounce out
6. pencil and paper for NOTE TAKING
7. a box to put everything into. A plastic box that is divided into small compartments to hold beads. Michael's or JoAnns is the place I suggest to buy this item.
8. clasp either a toggle clasp or magnetic [not recommended for bracelets or heavy necklaces].
9. chain to make a charm bracelet or ear ring findings
